## Parents remember their lost children

The families of David Money and Emily Propst attended Compassionate Friends Worldwide Candle Lighting ceremony in the gazebo next to the Municipal Building on Sunday evening in Mechanicsburg. The worldwide ceremony has large group gatherings, but people can also participate from the privacy of their own homes, according to the Compassionate Friends Web site, [www.compassionate-friends.org](http://www.compassionate-friends.org). The ceremony is held for one hour at 7 p.m. in local time zone and unites the global bereavement community in remembrance of all children who have died, regardless of age, religion, or ethnic origin.
